

urge.

I'm counting down 2-1-0 and I'm free,
come on, feeling my way makes me wanna be,
I never hated more than your lies, now I'm me,
come on, taste my hate, it will feed you day by day,
I feel it deep in me.

I feel the urge to win again,
I feel the urge to cancel your plans,
I feel the urge to see you bleed,
I feel the urge down deep in me.

I'm counting up 0-1-2, still I'm free,
I won't trust you, now I know my enemy,
nevermore I will be blinded by your sun,
make my day, I will beat you day by day,
I feel it deep in me...

Chorus

Now I'm looking back to the things you've done,
bad dreams, hard rain, but that's all gone,
take these words from me, you know what they mean,
you're just a bad seed.

Again I'm counting down 2-1-0 and I'm free,
oh yeah, feeling my way makes me wanna be,
no more fuckin' lies, yes now I am me,
and now taste my hate, it will feed you day by day,
I feel it deep in me...

Chorus**out for the count.**

I never want to feel my own hate, I never want to go my my own ways,
never want to see myself day by day, I never want to hear me pray.
Don't wanna be what I need, I'll never bend down, not me,
no I won't, you know me, I'll never fall down on my knees.

Never wanted to be me, caught in insanity,
oh god tell me who's feeding me,
another thorn in me, oh so deep in me,
out for the count today,
no I just can't be me, caught in lunacy,
oh don't tell me I'm on my way,
I won't tell me "it's ok", so who's feeding me.

Don't you never ever go my way, I never ever wanna hear you pray,
you will find nothing else than me, no you won't like it, throw it away.
Don't wanna be what you need, I can't help you, not me,
no I won't, you know me, sooner or later I'll fall down on my knees.

Chorus / Solo / Chorus**stand.**

When I am walking down the streets
I see the people looking down on me,
all that I feel is their will to drive me insane,
but I just keep on holding on
and I tell myself that I've to be strong,
sometimes it works, sometimes I fail, sometimes I betray.

And with every step that I take I feel

that there's no one left who trusts in me,
all that they want is bringing me down, down on my knees,
but I just keep on moving and I try to show them what I am,
I try to make them see that I'm not the one they see.

Still I tell myself to hold on,
although I wonder what's going on,
all that I am is pain and strife,
still they're telling me I'm to blame,
everyday this fucking game,
but I won't give up, god I bleed.

The clock is tickin' deep in me,
if I can stand it I can't say,
no matter what I do, I'm wrong,
the clock is tickin' deep in me.

When I am walking down the streets
I hear the people talking 'bout me,
all that I feel is their hate, day by day,
and they keep on talking, on and on,
they really don't care what is right or wrong,
sometimes I cry, sometimes I laugh, sometimes I betray.

Keep on talking, keep on failing, keep on fooling, keep on hating,
keep on staring, keep on waiting, you won't change anything,
keep on shitting, keep on hitting, keep on bleeding, keep on cheating,
keep on trying, keep on lying, no you won't change me.

Bridge / Chorus

Now when I'm walking down the streets,
I see the people smiling at me,
yes now you made it, now I'm sure that I am to blame,

just tell me what has changed the truth,
why do I always have to lose,
just tell me why it must end this way, talk to me.

Bridge / Chorus

don't stare at me.

Sometimes I act like I just can not wither man,
sometimes I behave like you would do without a plan,
sometimes I walk like I can't see the road,
but I can see through, yeah I know where to go.

Don't stare at me, I know I'll be
the one who's laughing when you're down on your knees,
don't stare at me, soon you will see what it means.

You keep on tellin' me "Boy, what you're doin' – that ain't right",
you're hunting me down, every day, every night,
but I just won't give in, believe me that I won't,
I won't surrender, no one can steal my hope.

Chorus

Still I wonder why you won't open up your eyes,
and still you're preaching lies, boy I tell you that ain't wise,
there'll be the day you're looking back and you'll come to me
and then you'll ask me "boy why did I never see?".

Chorus

the me.

I run away, every day of my life,
I run away, pretending to be oh so happy,
I can not stay, no I can't face those things in me,
oh no no I can't stay.

I will bleed, I will see
that almost everything I belived in was wrong,
all I need, all I seed is bringing me down, not only me.

Lead me away, lead me home to the me,
I just can't head for myself without me,
lead me away, lead me home to the me,
I just can't find myself without the me.

Light my way, just for one day,
light my day, I just need one more way,
I want to share my tales
with someone who will be there for me,
you can see what's in me,
I just won't never let you down,
so take my hand and show me the way back home,
no I can't stand this anymore.

Chorus / Solo / Chorus

outside of me.

I run through my inner self, so better stay away,
I fall down into myself, I just have to stay,
I need to have more and more, from what I'll never be,

far too late to escape, yes I'm caught by me.

Don't wanna look outside of me, I'm too afraid,
don't ever try to stop me, from falling away,
I'm feeling fine, I'm getting' trough, what's killin' me,
don't wanna look outside of me.

I walk through my soul again, so deep in me,
I reach out to grab my dreams, I need the pain,
I'm longing for a bitter end, yeah this is me,
I'm longin' for my prison cell, yes I'm caught by me.

Chorus / Solo / Chorus

being free.

I'll walk away from my home,
I will control what you never ever known,
I will stop the lights blinding me,
I will run away from this bad bad dream.

Things I've seen and things I've known
doesn't matter compared to what I own,
when I'll look back I will see
what it means to be free, to be free.

Watch me disappear, no I never feared,
what you try to steal from me,
you can never be, what you just can't be,
you will never feel being free.

Don't you try to follow me,
I will be too fast for your old feets,
watch em disappear, without a sound,
within a fuckin' heartbeat.

Things you've seen and things you've known
doesn't matter compared to what I own,
now I look back and I see
what it means to be free.

Chorus / Solo / Chorus

my way.

Hey Mr. Murdock all that I see
is your longing to become a part of me,
but I don't like that snooping around my door.
Yes I know what you want but you won't succeed,
'cause I'm stronger as it might seems,
no I don't want to be your slave.

Hey there Mr. Malone what does it mean
when you're sayin' you want to be me?
What business is it of yours?
Believe me, I can judge things by myself,
no no, I don't need your help,
so better care for yourself, hear me saying.

No I don't want you in my head,
remember what I said.

I'll go my way,
you better stay away,
I'll never be your mate,
go out of my way.

Why do we keep on staring on and on,
why can't you tell me, son?
Why don't we live our lifes just by ourselves?
Is there really no meaning to it all, are we really doomed to fail?
Why can't you tell me?

No I don't want that shit in my head,
remember what I said.

Chorus / Solo / Chorus

streets of yesterday.

I'm going through the street of yesterdays and I see,
they're so far away,
I keep on looking back but I know that I'll fail,
I'll fail to remember what I've seen,
but on and on I walk not knowing where to go,
yeah it seems I've lost my way,
why can't I just forget what I saw yesterday.

No, I just can't turn away from yesterday,
oh god, I fail.

And everytime I'm going through these streets I see,
you're so far away,
doesn't matter what I'll do, I must go on

although I know that I've to fail,
why can't you grab my hand to show me the right way,
guess you're too far away,
no I just can't forget what I saw yesterday, yesterday.

No, I just can't turn away from yesterday,
oh god, I fail.

Please release me from this hell, it hurts me day by day,
let me go, I have to walk away from our home.

It's getting' colder and I feel I've to hold on,
still I hold on to you,
I feel I've to stop or otherwise I will be
just a shadow made of you,
so please release me from our selfmade jail,
or otherwise I'll flee,
I must forget what I saw yesterday.

Yeah, I have to turn away from yesterday,
I must not fail.

try to be.

Everytime I look at you I see,
a sick old man who's blinding me,
I wonder why you stare at me,
yeah I wonder if that's my way, so tell me,

do you know what it means to stand your man,
do you know who it feels to be yourself,
do you know what you've said yesterday,
yes I am sure this ain't my way – this ain't my way,

no this ain't my way.

Now try to tell me man how did it come so far,
this ain't you and you know it, I know who you are,
no use in fooling me, I know what you wanna be,
you just wanna be yourself, so try to be.

Everytime I look at you I see,
a good old friend who's on his knees,
I wonder why you lie to me,
no I'm sure this ain't my way, so don't tell me,
that I will never ever learn, that money's what I have to earn,
that I will never ever see, no this ain't my way, this ain't my way,
no this ain't my way.

Chorus

Everytime I look at you I see,
a sick old man who's blinding me,
I wonder why you stare at me,
yeah I wonder if that's my way, so tell me,

do you know what it means to stand your man,
do you know who it feels to be yourself,
do you know what you've said yesterday,
yes I am sure this ain't my way – this ain't my way,
no this ain't my way, no.

Chorus

walk away.

I'm falling through my dreams,
and I just can't find my way,
I'm wandering through these fields I've painted,
no I just can't find my way back home.

So I'm hiding in my selfmade shelter,
and I don't want to escape,
still I wonder why I just can't face it.
all I want is to be free.

Yeah I'll walk away from here,
and I'll leave behind my fears,
I'll be no others fool,
someday I'll walk away from you.

Now that I'm wondering why I'm still here,
you ask me why I try to flee,
as I am trying to stand by me,
you tell me that I'll never see.

Chorus / Solo / Chorus

what do you think.

I never wanted to pay taxes,
I never wanted to be a wimp,
I never asked for being foolish,
I never asked for anything, just wanted
to get higher, without all your shit, you can have it all,
i never asked for your companion, leave me alone,

just leave me be, you coward,
you'll never understand what I mean.

What do you think I mean by saying that I don't care?
what do you think it means when I say that this ain't fair?
Come on tell me, what do you think.

You never wanted to be a loser,
you always wanted first-best,
you're so afraid of being naive,
you don't want no second-best, but tell me,
what is the reason for living such a boring live?
You never asked for my opinion, but tell me ain't I'm right?
No I won't shut my mouth, no, I will go on, 'cause I'm right.

Chorus / Solo / Chorus

why do I.

Why do I feed you, your will that's drivin' me so damn insane?
Why do I need you although you're tellin' me that I'm to blame?
Why do I follow your footsteps no matter where you go?

Why do I please you? You tearing me apart with all your love.
Why do I want to reach you? You let me down again with all your love.
Why do I do, all that god-damn shit? It's killin' me.
Everything you do means sorrow, I should let you rest in peace.

You, you're drivin' me insane, yeah it is you,
I don't want to see it but it's true,
you, yeah you tearin' me apart, yes I am you,
how can I be such a big fool.

Why do I help you? I'll never ever get it back.
Why do I support you? I never ever had someone to turn to.
Why do I copy, your actions no matter what you do?

Why do I trust you? Your targets are so obvious, oh I see.
Why do I kneel down? I hurt myself with every move, I bleed.
Why do I do, all these things? no I don't know.
Everything I do means sorrow.

Chorus / Solo / Chorus

You're tellin' me that I'm to blame,
you make me feel like there's no way,
you're hurtin' me, you're teachin' me that I am you.
Why can't you just leave me alone,
why can't you see I can do it on my own,
you're killin' me, you're bringin' me down,
leave me be.
