

**[nevermore]**

I was climbing a mountain and I threw it all away,  
I was facing my sins, but no regrets could stop my hate,  
nothing else can take me higher than being me,  
no one else but you can stop me from seeing clear.

I was walking an alley and I saw a man near by me,  
he was talking about his life and faults, I began to see,  
that I'm just caught in a cage of lies and deceit,  
and somehow I began to understand that this man is me.

Leave me be, no I just can't stop loving what I need,  
let me go, no I just won't forget, no, nevermore.

I was thinking about me, thinking of this life I lead,  
and suddenly I began to notice what's hidden in me,  
That I'm just caught in a world of hate and lies,  
And as I tried to focus on myself, I heard my cries.

Chorus

I wanna feel, I wanna touch, I wanna live my life,  
I don't wanna please, I don't wanna crush,  
so don't you waste my time,  
I wanna hate, I wanna cry, so don't piss on my life,  
I wanna shout, I wanna live, so just let me pass by.

So I try to go on without these things you breathe,  
I just try to live my life although I won't succeed,

nothing else can take me higher than being me,  
no one else but you can stop me from seeing clear.

Chorus

**[foresee]**

It was the day when I had time,  
to think about myself, my life,  
I had to recognize that I've been blind.  
I always tried to look behind,  
the things that seem to block my minds,  
but now I have to see that it was me.

Day by day I looked away,  
from things that made me hate my way,  
now I know I was wrong, I had to fail,  
I had no chance at all,  
you took me down, prepared my fall,  
but now I'm coming back, watch out for me.

I can, I can, I can see the time coming,  
I can, I can, I can foresee,  
I can, I can, I can see the time coming,  
I can see it clear.

Now that I'm back again,  
I've to tell you that your time will end,

no more fucking compromise,  
no more lies at all,  
don't try to convince me,  
that it's better not to turn away,  
I know my enemies, I know your face.

Chorus / Solo / Chorus

**[too many Lies]**

Someday you told me to walk away,  
I didn't realize what it meant to me,  
you said you're done with all our shit,  
I never thought you'd really quit.  
Now that you're gone I can't believe,  
that you really did it, i can't see clear,  
is it true, is it me who is to blame,  
even more it seems like a dirty game.

So I keep on asking on and on,  
did you leave me cause I'm not the one,  
maybe you told me not the truth,  
I believed in you.  
So many times I questioned why,  
you treated me like a god-damned lie,  
now that you're gone I begin to see,  
that you tricked me, the fool is me.

Too many times we were out of line,  
too many words passed out of mind,  
too many days we let slip away,  
too many lies lead to decay.

On an on you told me I'd be the one,  
but now that is all said and done,  
every night I wake up soaked in sweat,  
every thing's too real, no more just a threat.  
Sometimes I scream "leave me alone",  
sometimes I whisper "hold me close",  
is there an exit that I can't see,  
all that I feared became real.

Chorus / Solo / Chorus

**[release]**

Another day that I'm wasting precious time,  
another day that I'm getting out of line,  
how did it come so far, why did I fail see,  
that it's my life that I'm destroying?

Another shot, that I'm pulling through my veins,  
another shot, that is reaching out for me,  
why can't I see, that this stuff is killing me,  
I am blind. No I don't want to be blind.

I want to see that I wasting all my time,  
set me free, release my mind,  
I need to see all I'm killing here is mine,  
leave me be, release my mind.

Still nothing changed, still I wander through the dark,  
I can't say no, can't resist, way too hard,  
I'm loosing ground, I'm loosing all my hope,  
I'm afraid, but I don't want to be afraid.

Chorus

Another day that I'm wasting precious time,  
another day that I'm getting out of line,  
why can't I see, that this stuff is killing me,  
I am blind. No I don't want to be blind.

**[not you]**

It is you and me, face to face, we stand alone,  
An eye for an eye, and don't say you haven't been warned,  
like in a state of siege, we don't care, we want it all,  
I don't believe that that I'll ever gonna fall.

There was a time, we were in love, we couldn't see,  
That this stage will end, that we'll bleed more we can bleed,  
Was it wasted time? Did we fool, did we betray?  
Tell me if I'm wrong, why did you turn away from me?

Don't you waste my time, don't waste my tears,  
Yeah I know for sure my enemy,  
No I won't waste my time with you,  
All that I am is me, not you.

Still you and me, still we're standing face to face,  
Still in a stage of siege, still we're hating day by day,  
It's killing time, now I can see it clear,  
With every step we take, we're approaching endless fear.

Solo / Chorus

**[make my day]**

I never wanted, I never wanted to succeed,  
I never wanted to stand upon my own feet,  
I never hated, I never hated more than your greed,  
I never wanted to be the one you want me to be, no.

I never saw it, I never saw what you want from me,  
I never felt it, I never felt my enemy,  
on and on you told me that I would be the one you need,  
I didn't realized, that you'll never ever see.

Leave me alone babe, I don't want to be with you,  
Leave me alone girl, too long I've been your fool, oh baby,  
Why can't you understand, why can't you let me go,  
Make my day, leave me alone.

Don't look at me now, I won't help you, that's for sure,  
Don't try to fool me, I am tired of your clues,  
Yes I am happy, and I don't care if you are,  
Enough is enough babe, no place for you in my car.

Chorus / Solo / Chorus

**[someone else]**

Any time I'm with you you're so far away,  
any time you're near by me I just want to stay away,  
any time you touch me I feel there's no way  
to love you like you love me, but I need you, anyway.

Anywhere I'm wandering, I see your face,  
you just can't live without me, oh lord, I have to stay away,  
anywhere I'm going I can taste your tears,  
I really want to hold you but I need to turn away.

Yeah I see there's nothing left, you're so deep in me,  
god I see, there's nothing left that holds...

...me, I've got to flee,  
see, when will I flee?  
Me, I've got to flee,  
see, that you're someone else, someone else, not me.

On and on I go,  
I'm going on not knowing what turns me on,  
on and on and on,  
I'm going on, I don't know where I belong,  
could it be, that I am you but you're not me, no,  
could this be, there's nothing left that holds...

Chorus / Solo / Chorus

**[deceit]**

I don't want to to see the sings, I don't wanna know 3x3 is 9,  
I don't want to hurt myself, no I don't want to see,  
I dont' want to stop my hate 'cause that's all really left in me,  
I don't want to look away, no I won't.

But every time I turn away I've to see there is no better way,  
so I try to go on without loosing myself,  
But I fear i have to fall, although it says bad weeds grow tall,  
No I don't want to turn away, no no I won't.

Why can't you see it coming,  
why can't you feel the heat,  
Why can't you smell that thing called deceit,  
Why can't you hear the whispering,  
why can't you taste the fear,  
Why can't you see it, it's so near.

Still I wonder why I'm here,  
still you think that you could count on me,  
But I have to disappoint you, 'cause I know nothing's real,  
Why do you think that I could help,  
I am nothing but an old old man,  
Stay out of reach, man,  
I'm not the one you want me to be.

Chorus / Solo

Everywhere I go to,  
I only see what you want me to see,  
Every time you're with me,  
I only feel what you want me to feel,  
Why can't you let me, let me go,  
Hey man, piss off, or otherwise I'll break your crown.

Why can't. Why can't you let me,  
Why can't, why can't you let go,  
Why can't, why can't, why can't you,  
Just leave me, leave me be.

Chorus

**[what will be]**

Why can't you see the other way,  
why can't you see the others,  
why can't you live another day,  
why do you always recover?  
Why do you tell me that I've to fail,  
why do you tell me that I'm wrong,  
are you sure you're right, come what may,  
well I'm sure you're done.

'Cause I know that there is more,  
and I feel that you will bleed,  
if you stay I will go.

'Cause I see, oh yeah I see what will be,  
oh yes I see,  
oh god I see what will be.

Tell me what do you think of me,  
tell me who is the coward,  
tell my why do you hate me,  
who's gettin' lower and lower?  
Why did you never even tried to,  
change things the way they used to be,  
Why did you never even tried to,  
live life your way?

Bridge / Chorus / Solo

Why can't you see the other way,  
why can't you see the others,  
why can't you live another day,  
why do you always recover?  
Why do you tell me that I've to fail,  
why do you tell me that I'm so wrong,  
are you sure you're right, come what may,  
well I'm sure you're so fuckin' done.

Tell me what do you think of me,  
just tell me who is the coward.  
don't tell my why you hate me,  
you can't get lower.

Bridge / Chorus

**[best for me]**

I see it, i can feel it,  
can't change the way I think, I need it.  
I hate it, I dislike it,  
to live my life like you do, don't mind it.

What gives you the right to criticise,  
shut your mouth, I won't believe your lies.  
Don't you tell what's best for me,  
stop tellin' crap or I'll show you why I'm here.

I knew it, I saw it,  
that you'd never change, ignored it,  
Don't trust you, I never wanted to,  
so let me go, I'll never need you.

What authorizes you to criticise,  
stop beggin' me, I'm tired' of your lies.  
Don't you tell what's best for me,  
stop tellin' shit, now and here.

Can you see my smile, can you hear me cry,  
can you tell for sure, what's best for me.  
Do you think I'm real, do you believe in me,  
do you really know, what's best for me.

Still you hate me, set me on fire,  
you negate everything I enspire,  
still you drown me in cloudy water,  
you're treatin' me like a baby daughter.

What gives you the right to emphasise,  
that I'm nearly dead, it's just a lie.  
Don't you tell what's best for me,  
stop tellin' shit, now and here.

Chorus / Solo / Chorus
